A NEW MUSIC BOOK,

OR THE POE NOTHING!

TOB NOTHING!

We have in press, and shall publish in October, "ASAP H.OR THE OHOUR BOOK;" a new collection of Church Music for Sing. Schools and Choice, by Dr. Lowell. Mason. Dr. Mason's issteindiar work, published in 1844, resched the enormous sale; in its first year, of over 64,000 conies, which is, we are confident, the largest sale over emjoyed, in its first season, by any Church Music Book by a single suthor. The work now in press will embrace nearly all new scatter, culled with great care from namenous sources, such, as it is believed, will be of the highest interest to Choirs and Singing Schools. Its Singing School Department is more extensive and complete than in any previous work, being, indeed, a complete work in itself, and forming an extensive collection of secular music, the words, as well as music, to which, are nearly all quite new. Retail price, one dollar.

We publish, also, I HE NEW YORK MUSICAL REVIEW, a formightly journat of sixteen quarto paves, including four pages of reading matter, including frequent articles from the leading musicians of the country, with all the musical news, &c., &c. Subscription, \$1,100 per annum.

In view of the present hard times, and with the purpose of obtaining a wide circulation for specimen copies of Dr. Mason's new work, we are induced to make the tollowing liberal offer, vis.. To every one sending us, herer is November, one dollar, (the price of subscription to the Bayiaw.) we will furnish the paper for a year, and also, as soon as lessed, a copy of Dr. Mason's new work above announced, thus giving two dollars' worth for one. Those destings the book sent by mail, must inclose twenty-four cents, to pay yootaco, in advance.

A WORD OF CAUTION.

A WORD OF CAUTION.

If has been estimated that over Two Hundred Thousand Dollars are paid to swinding quacks annually in New England alone; and that, too, without any benefit to those who pay it. All this comes from trusting, without negative, to men who are alike destitute of honor, obstacter or skill, and whose only recommendation is their own fulse and cutrarygant assertions, in presse of stemselves. The only way to avoid imposition is to take no man's word, no matter what is prefensions are, but MARE IN-QUIEY. It will cost you nothing, and may save you many regrets for, as advertising physicians in mice asses out of ten are bogus, there is no safety in trusting any of them unless you know who and what they are.

The advance from Hatterss took place on Wednesday morning. The Expedition consisted of about sixty vessels. The fleet acchored off Stump Point that night and next day proceeded to the entrance of Croton Sound.

Lave analyzed Samu-1 Kiddor & Co's "Imperial Yeast Powder," manufactured by Messra Daniel F. White & Co., and found the base of vegetable origin to be so adjusted as to dough. It produces, with even ordinary flour, white, spongy and perfectly wholesome breat, and relations its power of action under expectance. Being free from mineral acids, and oungarous metallic salts, it should be proferred to compounds, frequently sold as yeast powders.
